Development Background

- 1. The second-generation baby boomers prioritize **individuality** based on prior experience and the contemporary lifestyle, and they like to casually incorporate trends into this.
- 2. With a pervasive elegant casual styling, fashion has returned once more to a mature and conservative cuteness, requiring a **full-bodied velvety shine = creamy texture** to express a **mature cuteness**.

Product Features

- 1. Expresses a creamy texture by combining "full-bodied pink" created with a Secret Essence Formulation with beige achieving a velvety sensation.
- 2. Product lineup includes 2 hues, depending on type of hair:
 - 1) Creamy Coral: (For hair with strong red coloration) Expresses a full-bodied, velvety texture with a soft coral pink.
 - 2) Creamy Rosé: (For hair with strong yellow coloration) Expresses a full-bodied, velvety texture with a subtle pink.
- 3. The beige base formulation brightly shows off the black hair so common among the second-generation baby boomers, achieving a fashion color-like texture while making gray hair less noticeable.
